Dear Parish Family,

### **Topic: Placement of the Baptismal Font**

From the bishops document, "Built of Living Stones" Number 66# "The rites of baptism, the first of the sacraments of initiation, require a prominent place for celebration. Initiation into

the Church is entrance into a Eucharistic community united in Jesus Christ. Because the rites of initiation of the Church begin with baptism and are completed by the reception of the Eucharist, the baptismal font and its location reflect the Christian's journey through the waters of baptism to the altar. This integral relationship between the baptismal font and the altar can be demonstrated in a variety of ways, such as placing the font and altar on the same architectural axis, using natural or artificial lighting, using the same floor patterns, and using common or similar materials and elements of design."

Therefore to better highlight the importance of the baptismal font, it will be placed in the main aisle toward the entrance of the Church. The pews have been made to accommodate a casket. The placement of the font there, better reminds us of baptism as the "gateway" sacrament. It is at baptism that we enter the Church as a son or daughter of God, washed free from original sin, and filled with sanctifying grace!

Peace to you and yours, Fr. Shane D. Stevens

Are you an inactive member of another council and would like to be involved again? Can we help you live your faith and get closer to the Lord? The time any of this takes is the time you have. It doesn't involve any more time than you have to give. We meet twice per month but meetings are not mandatory. We would love to have you! Contact Scott at 229-5668 for further information to become a member of the local Knights of Columbus council.

## WINTER GEAR UP!

We are in the process of stepping up our Works of Mercy here in our parish. Please consider bringing food items every month throughout the winter. It has come to our attention that children in our parish and community are in need of winter gear: coats, snow pants, boots and shoes. Winter clothing is also appreciated! If you have gently used items that can be re-used, please bring them to the Parish Hall Kitchen *Storage Room*, and Michele Coughlin will be sure the items get distributed to needy children. Another way for parishioners to help is to give us names of families or children who are in need. One act of mercy at a time, we can be the hands and heart of Christ for others.

## TIME TO CLEAN!

## DISPELLING MYTHS ABOUT CHURCH MUSIC

**Myth 3. Choirs are only there to support congregational singing.**

In the early church, the faithful sang much of the Mass. There were, however, certain melodies and texts that developed over time that some found difficult to sing.

Choirs, or scholae cantorum, were developed with trained singers who not only supported congregational singing, but also performed some pieces on their own. Europe saw the development of famous choir schools and Catholic education has always included the teaching of music in its curricula. The advent of part-singing made choirs even more necessary to the Mass.

Choirs can be beneficial in leading the faithful in song, but they also can have their own role apart from the congregation. Active participation does not mean that everyone has to do the same things at the same time; it implies an interior participation by listening and contemplation as much as engaging in following the Mass and observing ritual gestures.

Paid professional cantors and choirs have been a part of the Catholic musical tradition for many centuries and continue to inspire Christians in their worship beyond what is accessible to the ordinary pew-singer. Vatican II explicitly urges the development of such choirs and musical education in schools.
